I fell in love with this song as soon as I heard it as a background music in a video. It kind of gives me the feeling of connection with my culture as a Kashmiri <3.

Damn, this shit in another language and I'll still bust a move to this. Its kind of wonderful and beautiful if you think about it. Music can bring us together no matter the language barrier.

Been here for years since Mikeius' "Mpraf" before he re uploaded them. He used the beat on the back of every video and that's basically how all of Greece found out about this song.

Son uploadé il y a 16 ans, La Caution lit toujours les commentaires. Intemporel c'est juste incroyable ce que ce son. On a tous nos propres histoires et souvenirs, et ce son, il nous a tous lié à un moment ou à un autre.

Merci, c'est juste exceptionnel. <3

I first heard this song randomly while driving through Bosnia and i think it fits the landscape and the country so much! I can't stop thinking about Bosnia, Croatia and Serbia when listening to this masterpiece.

Franchement les gars vous avez créé un truc qui ne vieillit jamais. Toujours des frissons à chaque écoute..

(Pour l'anecdote j'ai vu Adriana Karembeu l'écouter à une terrasse de bar sur Marseille)
